Protein #2421 encoded by probe for measuring heart cell gene expression.
WO200157274-A2.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 AAM28516 standard; protein; 386 AA.
Peptide #2553 encoded by probe for measuring placental gene expression.
WO200157272-A2.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     AAM16015 standard; protein; 386 AA.
Peptide #2449 encoded by probe for measuring cervical gene expression.
WO200157278-A2.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         ABB29832 standard; peptide; 386 AA.
Peptide #2483 encoded by breast cell single exon nucleic acid probe.
WO200157271-A2.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   AAM68195 standard; protein; 386 AA.
Human bone marrow expressed probe encoded protein SEQ ID NO: 28501.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            ABB35008 standard; peptide; 386 AA.
Peptide #2514 encoded by human foetal liver single exon probe.
WO200157277-A2.
                                                                                                                                                                                       Length 364;
                                                                                                                                                                                                                                                                                                                                                Length 364;
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     Length 364;
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   PA (MOLE-) MOLECULAR DYNAMICS INC.
